

Important information: Please note !

Downtime of application Web Trade Services on November 19, 2021!

- Please note that the application Web Trade Services (WTS) will not be available on November 19, 2021 due to SWIFT changes in the guarantee business.
- The **import and export letter of credit module** as well as the **export collection module** are also affected by the downtime; however, no further actions are required.
- For the **guarantee module**, the following points must be undertaken until November 18, 2021:
 - Transactions in the release (e.g. G01, G03) must be completed.
 - Guarantee messages (e.g. G02, G04, G07) must be imported from the postbox.
 - Pending transactions in the guarantee business must be completed or deleted.
- WTS will be available again as usual on November 22, 2021.
